

Call for Papers – EDSI 2021

Online

May 31 – June 1, 2021

11th Annual Meeting of the European Decision Sciences Institute

Theme: A New World of Decision Sciences

Conference theme

New concepts, perspectives, and tools such as sustainability and digitalization are successively penetrating and populating the area of Decision Sciences, and renewing the world of Decision Sciences. At the same time, Decision Sciences can contribute to a new, and hopefully better world.

Online Format

The conference will be held online.

Important Dates

Abstract submission: February 15, 2021 (extended!)

Notification of acceptance: March 1, 2021

Full paper submission (optional): April 26, 2021

Early bird registration: April 26, 2020

Please submit abstract to: jan.olhager@tlog.lth.se

Submission Information

Presentation at the conference will be based on acceptance of an abstract, which should include the title, author(s) and affiliation(s), and briefly describe (200-300 words) the aims, methods / approach, results / findings, and implications. Following abstract acceptance, delegates will have the option to submit a full paper, addressing the review comments. The conference proceedings will include both full papers and accepted abstracts. There has to be one unique conference participant per paper or abstract, i.e. one person can present at most one paper or abstract.

The abstracts submitted to the EDSI 2020 conference (which was cancelled due to Covid-19) have been retained in the system. If you want to keep it for this conference, please contact us before the abstract submission deadline and we will transfer it to the 2021 conference. You may also submit new abstracts as well as expand the abstract to full paper.
